REFRENCES

💬 Upon Request

MAHABA ALBARAA BAKHSH

Motivated and detail-oriented Junior at Dar Al-Hekma University with expertise in data analysis, programming, and leadership. Skilled in Python, Visual Studio, and HTML, I aim to excel in software development, leveraging technical abilities for data-driven solutions and process optimization. Passionate about growth, organizational success, and pursuing certifications like CISCO, I bring innovative problem-solving, effective communication, and a dedication to excellence.

WORK EXPERIENCE

2024 - 2024

Volunteer
Voices Unbound, Jeddah

Voices unbound is a Jeddah Shaper project lead by Khadijah Al Gadi that provides English language education, ensuring quality learning opportunities for under represented communities.

2023 - 2023

Volunteer
Kiswat Al-Sayida Aisha, Jeddah

Kiswat Al-Sayida Aisha is a non-profit charity organization, that collects new and used clothes in good condition to package into Eid gift bags and give them to families in need.

EDUCATION AND QUALIFICATIONS

2024 - 2024
